Lake Rotoiti School News

At school we have been looking at the technological design process. Last week we talked about housing prices and availability within New Zealand and from this we used a brief to guide us to design tiny houses. The Seniors looked at drawing plans to scale and created designs for their own tiny houses.

In the Junior Room we have designed dream bedrooms, created prototypes and evaluated these, leading to design changes. This week in the Junior Room we created fairies and have designed houses that will fit the fairies. At the moment we are in the creating prototype stage and these will be evaluated and critiqued by peers.

The Senior students began learning the ukulele this week and will have lessons each week for the rest of the term.

Last week we farewelled Ashton Reid, our teacher aid, as she prepares for a new phase in her life and we have Thomas filling in as teacher aid for the remainder of term 2.

We are looking for a teacher aid for term three. This position is 5 hours per week in the junior class. If you are interested in this position please contact Mike Allen at the school – principal@lakerotoiti.school.nz .

Ngā mihi Alison & Mike

YACHTS NEEDING NEW HOMES

The Lake Rotoiti Sailing Club has two yachts that need a new home. They are both "Projects" that need restoration and are no longer suitable for the sailing group to use.

The first is a 3.7 and the second is a P class (blue one). Both were donated to the club but have not been used for some time. The P class is free to a new home and the 3.7 for a donation to the club. Anyone interested can call Wattie on 0224928841.
