New Zealand Police News

Hello everyone - we hope you are all well during this lock down.

See below information that is being promoted around the country.

Our team are out and about - we have been to many of our far reaching areas and are working around areas we have missed. Can't guarantee we will get to them all but trying.

Much of our rural community - it is work as usual as you are essential workers or businesses - please take care of each other.

Don't forget Federated Farmers Rural Support and others are there as a contact if needed as well.

We know both those organisations and others did great work during and post the floods in Marlborough recently.
